Pre-Health Cubs

Pre-Medical

American Medical Student Association (AMSA)
Interested in medicine? Then join AMSA! There is no better way to prepare yourself for the difficult task of getting into medical school than by being a part of the biggest pre-medical club at the University of Miami. As AMSA members, you will be given the opportunity to shadow doctors, volunteer at a plethora of events, as well as have the opportunity to listen to many guest speakers ranging from admission speakers for many medical schools to doctors who have specialized in healthcare reform. We look forward to meeting you and helping you get through the rigors of being a pre-med! Contact the club president for more information: Catherine Huynh

Minority Association of Pre-Health Students (MAPS)

The Minority Association for Pre-Health Students club is an undergraduate organization the represents the interests of underrepresented minority pre-health students. The goal of this organization is to provide support, encouragement, and opportunities for students in the health field in order to hold future positions in the healthcare field. Although the name says minority, all are invited and encouraged to join. We offer general body meetings, fundraising events, and plenty of volunteer opportunities. Contact the club president for more information: Georgina Whelan

Medicine Education, and Development for Low Income Families Everywhere (MEDLIFE)

Medicine Education & Development for Low Income Families Everywhere (MEDLIFE): Our mission is to help families achieve greater freedom from the constraints of poverty, empowering them to live healthier lives. Our patients did not choose to be poor, but they have chosen to strive toward a better life; MEDLIFE stands beside them in this pursuit. We aim to achieve this goal through partnering with motivated individuals in poor communities working to improve their access to MEDs: Medicine, Education and community Development. MEDLIFE believes access to quality healthcare is a basic human right. To this end, we commit our time, resources, knowledge and hope to bring Medicine, Education and Development to Low Income Families Everywhere. Any student can be a member of MEDLIFE and go on a brigade to one of our many sites throughout South America.

Minority Women in Medicine

Minority Women in Medicine Description: Minority Women in Medicine is an encouraging and supportive pre-health organization that fosters the academic and social development of its members. This organization provides volunteer opportunities, connections with current physicians, academic guidance, and leadership experience to help minority women become
excellent candidates for medical, dental, or pharmacy school. Contact the club president for more information: **Morgan Greene**

**Phi Delta Epsilon International Medical Fraternity (Coed):**

Phi Delta Epsilon International Medical Fraternity creates physicians of integrity with a life-long commitment to our guiding principles of philanthropy, deity, and education through fellowship, service, mentoring, and formal training in leadership, science, and ethics. Our motto is "Facta Non Verba" or "Deeds, Not Words." Any premed student can join PhiDE, although Freshman, Sophomores, and first-semester Juniors are preferred. Contact the club president for more information: **Alyce Kuo**

**Pre-Dental**

The American Society of Pre-Dental Students

The American Society of Pre-Dental Students creates a solid network base of pre-dental students, dental students, and dental healthcare providers in the community so our members may have a wide array of shadowing and mentorship opportunities. The mission of this organization is to encourage excellence in pre-dental scholarship, educate and familiarize interested students with the dental profession, help prepare pre-dental students for entrance into dental schools, and promote dental health in our community. Contact the club president for more information: **Nicole Manfrini**

**Optometry**

OptomEyes

The mission of OptomEyes is the University of Miami’s Pre-Optometry club. It is comprised of a community of pre-optometry students or undecided pre-health students with good academic standing and provides information on the growing field of optometry and the benefits of choosing an Optometric career path. This club offers its members the resources necessary to succeed in the optometry school application process, such as workshops on the admissions process, shadowing opportunities and preparatory OAT courses, Career Development opportunities in the field of optometry are provided through a series of guest speakers and informational presentations and a support system for decided pre-optometry students and undecided pre-health students alike through several community outreach opportunities, on-campus events and volunteer. Contact the club president for more information: **Jacyln Lopez**
